COTTAGE ON THE ST. CLAIRE

This special, year-round, 3 bedroom cottage on the St. Clair River is available for 4 nights.

Your location on the river is just one mile south of the Blue Water bridge to Sarnia, Canada. The view of the bridge is stunning. At night you can watch the light from the Fort Gratiot Lighthouse which is the oldest in Michigan. You can sit on any of the three decks to watch the Great Lakes freighters go by, enjoy watching the pleasure boats, tour boats, fishing boats or sailboats. This house is at water's edge which allows for the relaxing sound of the water to lull you to sleep at night. The fishing is fantastic.
