Welcome to Ozone House! The goal of the Safe Stay program is to provide you with a safe and supportive place to stay while you work to resolve some of the difficulties that you have been having. In order to stay here, you must be willing to work with your therapist and family supports, and be willing to follow some basic rules and expectations. If for some reason you do not have a family involved in your life, then your stay may be different and your therapist(s) will discuss that with you. All Ozone House services are free.

Please remember that Safe Stay is a voluntary program, which means that we cannot force you to stay here. By staying at Ozone House, you are volunteering to take part in all parts of the program and to follow the program rules. If, after entering the program, you decide that you do not want to stay here, your parent or legal guardian must give you permission to leave. If you leave without permission from your parent or legal guardian, we will notify them that you have left the program without permission and ask your parent/guardian to file a runaway report with the Ann Arbor Police Department. Ozone House hopes that you will choose to stay here to complete this service, so that you and your family can work toward improving some of the conflict or difficulties that you have been experiencing at home.

If you have a question that is not answered in this handbook, please ask any Ozone House staff member.

OTHER EXPECTATIONS FOR YOU WHILE AT OZONE

ATTIRE
You are expected to wear appropriate clothing at all times, including during sleeping hours. Shoes or socks must be worn at all times. Clothing that has vulgar or drug-related material on it is not allowed. Shirts must be worn at all times. Tank tops need to have straps that are at least 1-inch wide, and clothes may not be worn that show an excessive amount of skin. Staff may ask you to change clothes at any time if they determine that your clothing is inappropriate. Sharing of clothing with other clients is not permitted. Clothing should also be washed on a regular basis – just ask staff if you need to do laundry.
BATHROOM
You must clean up and hang towels to dry after using the shower, sink or tub. Personal clothing should be removed from bathroom after use. Only one resident is permitted in each bathroom at a time. In order to make sure everyone has a fair amount of time in the bathroom, time may be limited by staff as needed.

BEDTIME
You are expected to be in bed and quiet, with lights out, at 11:00pm, Sunday-Thursday. On Fridays and Saturdays, lights out is 12:00am. You may let staff know if you want to go to bed earlier, however, don't plan to go to bed early in order to wake up early to watch TV or play videogames.

CHORES
You will be assigned daily chores. These chores must be done every day during specified times, and must be checked by staff after completion. Staff may also assist you with chores if needed. You are responsible for making your own bed daily, cleaning your room, picking up after yourself, and informing staff when you need to do laundry. You will be given time each day to complete your chores.

COMMENTS & SUGGESTIONS
We welcome comments or suggestions you have about how we can improve the services we offer to you and your family supports, and to others who come into Ozone House. If you have a suggestion or a comment, please discuss it with your therapist or the Residential Director.

CONFIDENTIALITY
Ozone House will not give out any information about the services you are receiving here, unless you or your parent/guardian gives us written permission. There are three exceptions to this rule, including: (1) when you have been/are being hurt by someone; (2) when you are in danger of harming yourself; (3) when someone else is in danger of being harmed by you. This will not happen without your knowledge.

We expect that, just as we respect your right to privacy and confidentiality, so will you respect these rights for other youth staying at Ozone House. Specifically, we ask that you do not discuss other clients during phone time. We also ask that you do not record (video, audio, or photographs) clients with a camera, ipod, or deactivated cell phone.

Confidentiality means that we do not share information about you outside of Ozone House. At times, we may share information within the team of people here to help you, on a need-to-know basis. This is done so that all those who work in the Safe Stay program can help you in the best way possible.

COUNSELING/ THERAPY
You will meet with your Ozone House therapist daily Monday through Friday for confidential counseling. In general, you will also meet with your family at least once a week for family counseling. Counseling provides you with an opportunity to identify and talk about some of the difficulties that have brought you to Ozone House. You will work with your therapist to develop your own goals.
